A.A. GEORGE HOTEL R.A.C.  
NAILSWORTH, GLOS.  
'PHONE 70

Dear Mother, and Dad,

I have just spent a few days with George he came up to Duxford where I was for a few days at #222 fighter squadron, we then spent the week-end in London and I came on up to here.

I am now at a fighter pool near Bristol and at the present time am flying Gladiators which are a very nice single seater fighter with a speed of about 275 mph they are armed with 4 machine

guns. I don't expect to be here more than a month and I have no idea where I will be going from here but if you address all letters

c/o Bank of Montreal  
London SW

they will find me quite quickly.

I expect that I will be able to get about 4 days leave sometime around Xmas I am going to try to get it at a time when George will also be on leave so that we can spend some time together.

The weather over here has been perfectly foul for about two

3  
weeks although there have been  
one or two good days.

There is no mess at this station  
so I am billeted at this hotel at  
the moment it is not very good.

Many thanks for ~~you~~ the pictures  
and money that you and Dad sent  
it was awfully sweet of you and  
I will carry the pictures with me  
always.

I am sending this letter on  
to George so he can add a few  
remarks.

All my love, I will write  
again soon.

Bob.
